Cures Woman's Weaknesses.

We refer to that boon to weak, nervous, suffering women known as Dr. Pierce's Favorite Prescription.

Dr. John Fyfe, one of the Editorial Staff of THE ECLECTIC MEDICAL REVIEW says of Uniform root (Helonias Dioica) which is one of the chief ingredients of the "Favorite Prescription":

"A remedy which invariably acts as a uterine invigorator. It makes for normal activity of the entire reproductive system. He continues 'in Helonias we have a tonic which more fully answers the above purposes than any other drug with which I am acquainted. In the treatment of diseases peculiar to women it is seldom that a case is seen which does not present some indication for this remedial agent.' Dr. Fyfe further says: 'The following are among the leading indications for Helonias (Uniform root). Pain or soreness in the back, with sciatic rheumatism, or neuralgia, or other pains of the reproductive organs of women, mental depression and irritability, associated with chronic diseases of the reproductive system, constant sensation of heat in the region of the kidneys; menorrhagia (flooding), due to a weakened condition of the reproductive system; amenorrhea (suppression) or absent monthly periods; a habit of vomit or accompanying an abnormal condition of the digestive organs and female (thin blood) habit; dragging sensations in the extreme lower part of the abdomen."

If more or less of the above symptoms are present, no woman can afford to neglect to take Dr. Pierce's Favorite Prescription, one of the leading ingredients of which is Uniform root, or Helonias, and the medical properties of which it most faithfully represents.

Of Golden Seal root, another prominent ingredient of "Favorite Prescription," Prof. Finley Ellingwood, M. D., of Eastern Medical College, Chicago, says:

"It is an important remedy in disorders of the womb. In all catarrhal conditions and general enfeeblement, it is useful."

Prof. John M. Scudder, M. D., late of Cincinnati, says of Golden Seal root:

"In relation to its general effects on the system, there is no medicine in use about which there is such general unanimity of opinion. It is universally regarded as the tonic useful in all debilitated states."

Prof. B. Bartholow, M. D., of Jefferson Medical College, says of Golden Seal:

"Valuable in uterine hemorrhage, menorrhagia (flooding) and congestive dysmenorrhea (painful menstruation)."

Dr. Pierce's Favorite Prescription faithfully represents all the above named ingredients and cures the diseases for which they are recommended.

LOVE BANK ROBBER.

In true frontier style a highwayman, described as genteel in appearance yesterday robbed the branch banking house of the Waggoner Bank and Trust Company, in the heart of Fort Worth, Tex., of \$8,100 in currency, and escaped.

The robbery was the most daring attempted in Texas in years. Cashier Walter E. King was alone in the bank after closing time balancing the business of the day, when a man walked in. As he approached the cashier's window King looked up and found himself gazing into the barrel of a revolver.

"Make a move or a noise of any kind and I'll kill you," was the robber's greeting.

The cashier complied, and seizing the roll of bills the man backed out of the door, covering King with the revolver. King ran to a telephone as he saw the man walking down the street with an air of unconcern.

The police arrived in five minutes, but the robber had disappeared. At the time of the robbery several hundred persons were near the building and many noted the arrival at the bank and the departure of the thief, but his manner was so unconcerned that he did not arouse suspicion.

Canadian Pacific train No. 97, west-bound was held up Monday night near Kamloops, B. C., by four men. The robbers took the train for No. 5, which was carrying a large amount of silver to the coast. The men, who wore masks, obtained no loot.

Two armed bandits entered the night office of the United States Express Company Green Bay, Wis., at 2 o'clock yesterday morning and compelled the man in charge to open the safe. They obtained \$5,000.

UNIVERSITY DEFIES PASTORS.

Members of the Baptist Ministers' Conference who voted for the expulsion of Prof. George Foster, from their organization, and planned to carry their fight against him into the University of Chicago, were challenged yesterday by a dozen or more members of the university faculty who defended their fellow professor and ridiculed the ministers.

The professors declared the president and trustees would take no action against Prof. Foster, as they esteemed him too highly, and would ignore any action of the ministers' conference. In short they defied Rev. Johnston Myers, Nemesis of Prof. Foster, and his aides in the fight against Prof. Foster to do their worst.

The meeting in which Prof. Foster was expelled because of his religious opinion in published books, which aroused the pastors as "lamentably absurd proceeding," which they refused to accept in a serious light. They declared that Prof. Foster's standing in the university was heightened by the occurrence, and his character and manhood regarded more highly than ever because of his attitude throughout the affair.

It was pointed out that the University of Chicago is not "an annex of a Baptist Sunday school," but "a university with a broad, conservative system of teaching in all its departments," and that it cannot be dictated to by any Baptist organization or Baptist minister.

CHARGED WITH MURDER.

Four men have been arrested, charged with the murder and burning of the bodies of William and Thomas Stewart, whose charred remains were discovered in the ruins of their demolished house in Buckingham county, some weeks ago. The men under arrest are Dallas Wright, (white) and Richard Perkins, and Jones and Aylet Johnson (colored).

It is alleged that the four principals met at the house of a colored woman in the early part of the night of the double murder and planned the crime. After having what they term a "little frolic" at the house of Charity Perkins, the prosecution asserts, they stationed two of the negroes as sentinels on the road leading to the little log cabin which sheltered the two old men. One of these was a boy, William Jackson, who tells of hearing the two shots fired which ended the existence of the Stewart brothers. He also saw the fire and smoke from the burning building. The four principals then joined the sentinels, telling them that they had "fixed" the Stewarts. All of the accused are young men, their ages ranging from 25 to 30 years.

CHARGED TO PREVENT WAR.

James D. Hallen, a former New York lawyer, who was on trial charged with grand larceny in cheating the Nicaragua government out of the price of a million cartridges, was acquitted yesterday by direction of Judge Malone, who told the jury that the State had failed to prove Hallen guilty of any criminal practices.

Hallen sent the Nicaraguans sawdust and other harmless stuff in boxes which President Zelaya's advisers supposed contained ammunition. He did this, Hallen alleged, because he had learned that Zelaya was planning to use the cartridges to upset the peace of all Central America.
